Premiering the IPA Live Interactive Broadcast

INTERNATIONAL FORUM

Clinical Dilemmas: Behavioral and Psychological Symptoms of Dementia – BPSD

A LIVE INTERACTIVE BROADCAST

Thursday, 30 March 2006

Always a source for outstanding scientific meetings and congresses, the International Psychogeriatric Association (IPA) is proud to present its first live, interactive broadcast. Through its dynamic new program, the Learning Portal, IPA can now connect the field of Psychogeriatrics.

The program will be broadcast from Toronto, to these sites around the world: Argentina, Brazil, Canada, Ireland, and Romania. Participants will not only hear from internationally known speakers such as Dr. Sanford I. Finkel, M.D. but they can also interact and learn from each other in this live forum. Now, with the Learning Portal, "IPA comes to you."

- **Overview of BPSD**
Dr. Sanford I. Finkel, Clinical Professor of Psychiatry,
University of Chicago Medical School
Founding Officer and Past President, IPA
- **Case Study #1**
BPSD & Agitation/Aggression: Presentation and Discussion
- **Case Study #2**
BPSD & Depression: Presentation and Discussion

Complete program highlights and presenter information below.
